

All Saints Church, Bishop Burton

RESOLUTION

Re: Faculty Application – Central Heating System

Following the discussion held at the Extraordinary PCC Meeting on the 25th October 2015, it was unanimously resolved by all present that:-

A Faculty application be made to the Diocese for urgent remedial repairs to the Church's central heating boiler, as it has been found that more ventilation needs to be installed in order for it to be operated in line with current safety regulations. This to entail the installation of correct high level and low level ventilation, correct cold feed and vent pipe work, to be carried out in accordance with the recommendations received upon inspection of the heating system by British Gas and the Diocesan Heating Engineer, Roger Glister.

Signed:

Mr David Oxtoby – Church Warden

Signed:

Rev Rachel Young - Rector
